Event bracelet	105
----------------------	-----

BIB

Standard and velcro	106
---------------------------	-----

HARDWARE

Beachflag hardware	107
Pop-up velcro hardware	107
Tent 40 mm hardware	108
Tent 50 mm hardware	109

POP-UP TENT

10'x10' | 10'x15' | 10'x20'

PRODUCTION TIME
2
WEEKS

▶ Polyester 600D

▶ Water proof, Flame retardant (CPAI84)

▶ Sublimation printed fabric, (no color or design restrictions)

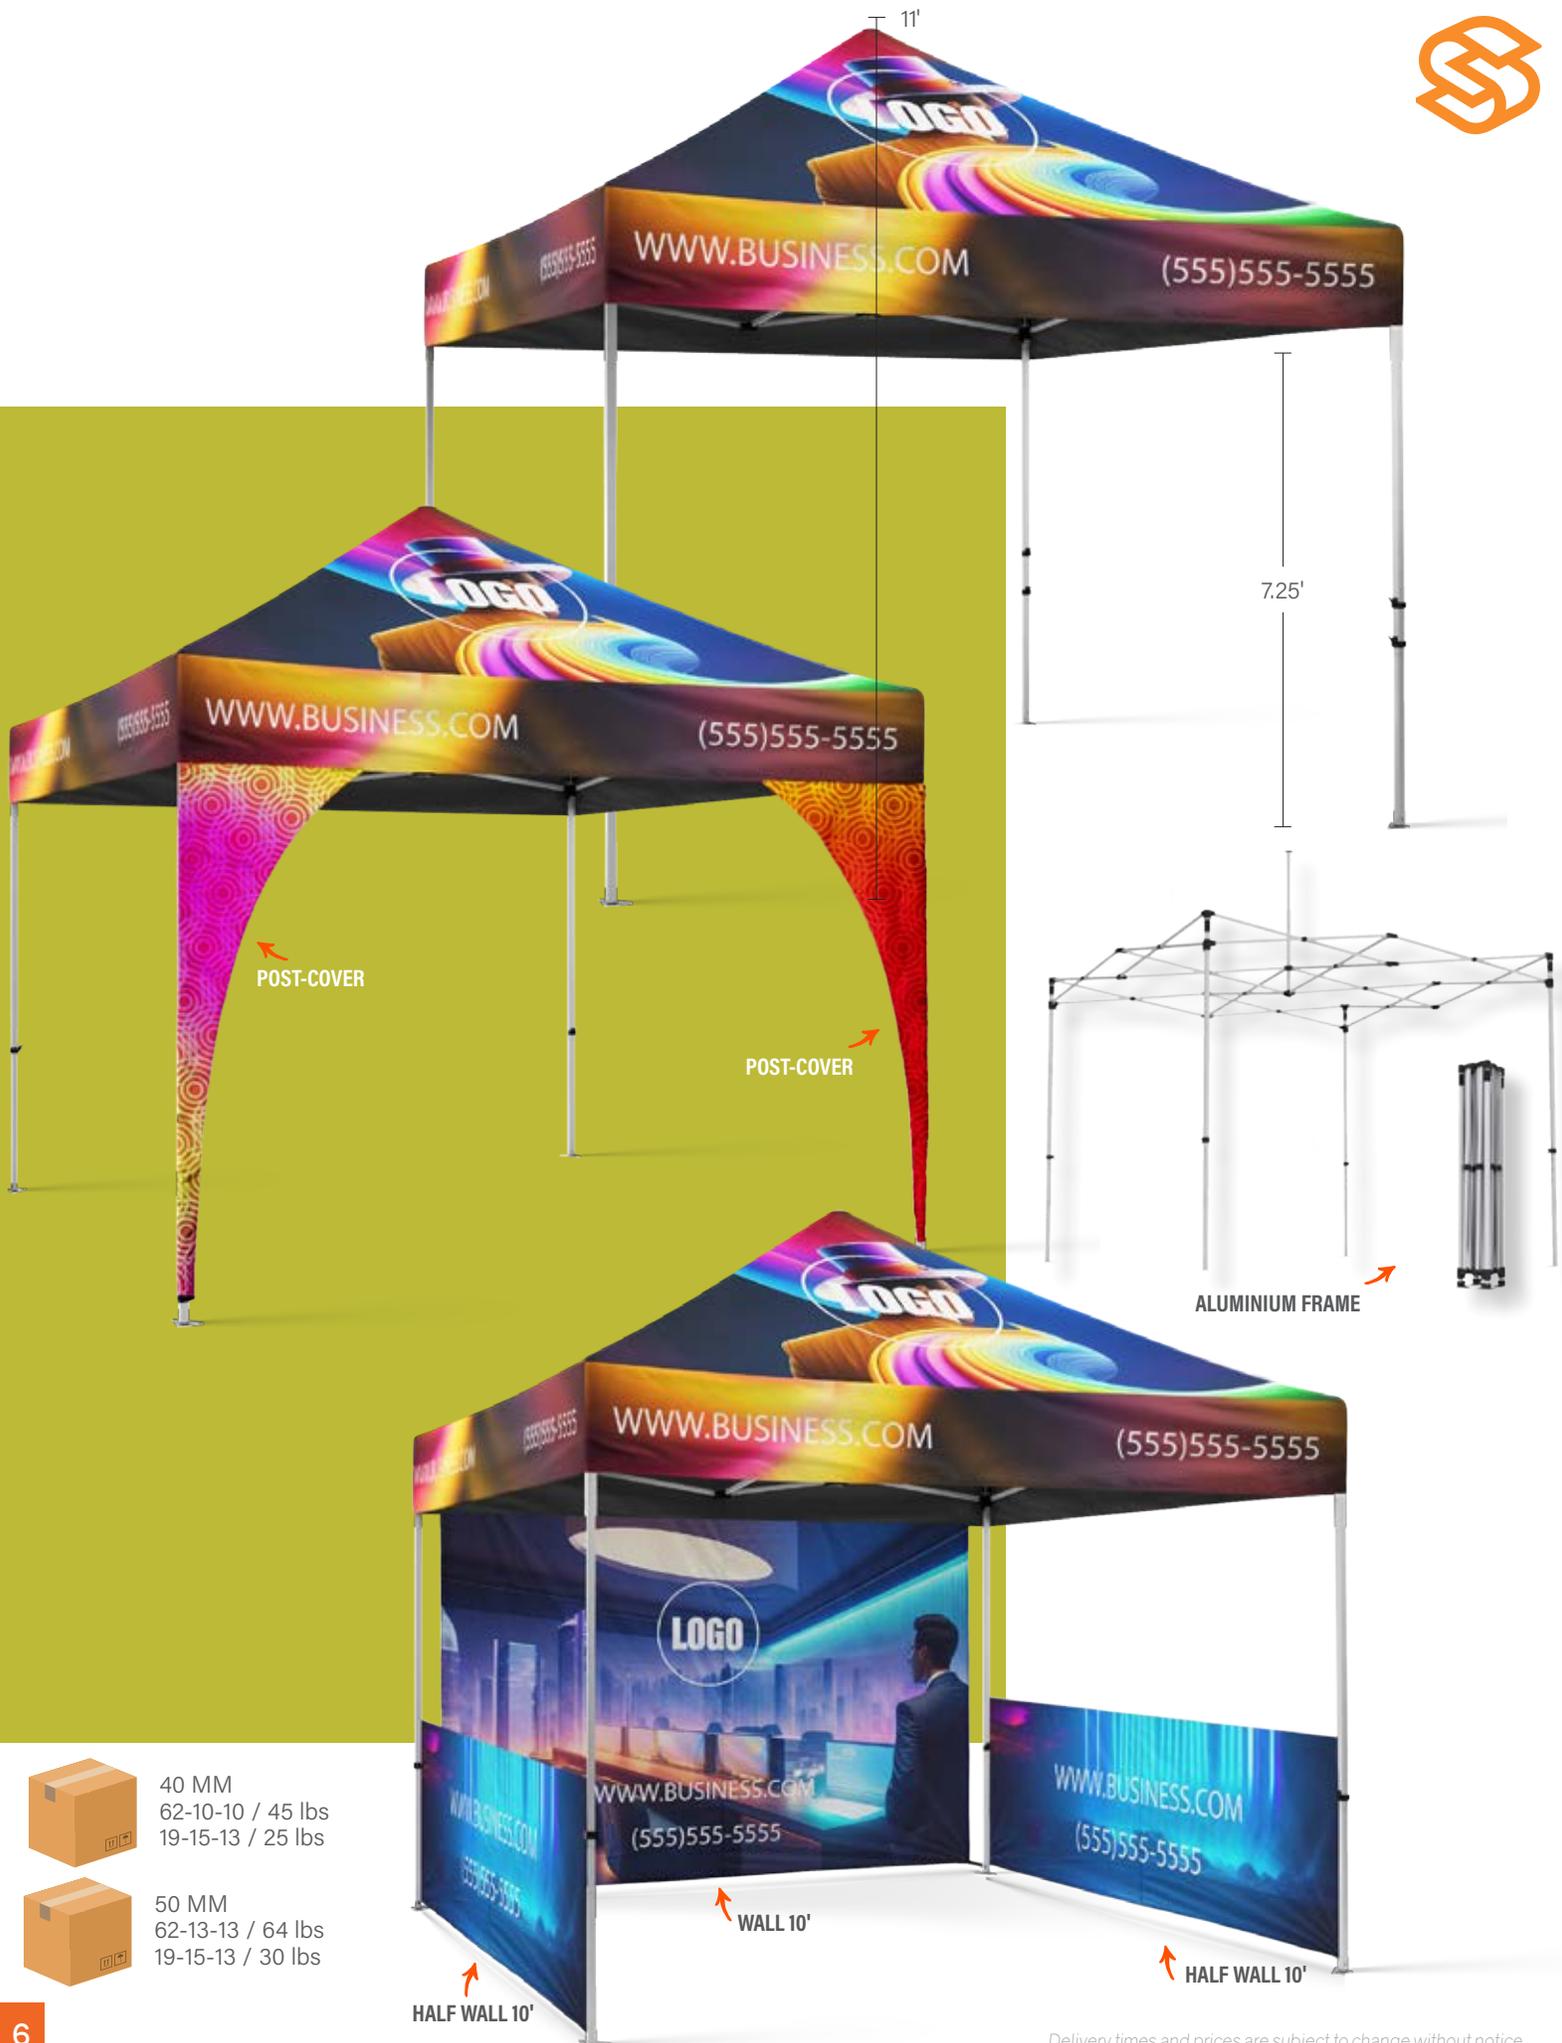

▶ Double stitched fabric

▶ Aluminum frame with hexagonal posts for added strength. Choice of a 40 MM or 50 MM frame

▶ Continued page 6 to 14

- Q** What is the difference between 1 or 2-sided printing ?
- A** 1-sided, the printing will be visible on the front OR back... 2-sided, the printing will be visible on the front AND back!
- Q** How are the walls attached to the tent ?
- A** They are attached with velcro at the top (back of valence), they can be positioned either on one side or the other and if you have several walls, they can be attached together with a zipper.
- Q** Do I need to choose a color for a plain no-print wall ?
- A** Plain walls are available in the following colors: royal blue, red, green, yellow, white or black. However, if you require a specific color, you need to select a printed wall so that it is the same color as your canopy!

40 MM
62-10-10 / 45 lbs

- Q** If I select 1-sided printing, what will I see on the reverse side ?
- A** The reverse side will show a mirror image of the visual
- Q** Can I change the color of the sleeve that holds the poles?
- A** Yes, by default the sleeve comes in black but you can request white. Just be sure to specify this when placing your order.
- Q** If I order 4 small, 4 medium and 2 large, do I use the pricing for 10 or more?
- A** Yes! Exactly!

GOLF FLAG

PRODUCTION TIME
3
WEEKS

16" X 14"

- ▶ Polyester Stormflag 110g
- ▶ 1 or 2-sided printing
- ▶ Sublimation printed fabric, (no design or color restrictions)
- ▶ Sticks are not included, but the receptacle to insert them is.

**MINIMUM
OF 18 FLAGS
PER ORDER**

PRODUCT CODES	PRODUCTS	UNIT PRICE
golfflag-1	1-sided printed fabric	\$25
golfflag-2	2-sided printed fabric	\$30

- Q There is a minimum of 18 flags, can I have 18 different designs?
- A Yes, absolutely! As long as you order 18 :)
- Q If I order 1-sided printing, what will I see on the reverse side?
- A It will be a mirror effect of the front side.

16-10-10 / 7 lbs

CLASSIK FLAG

PRODUCTION TIME
3
WEEKS

- ▶ Polyester Stormflag 110g
- ▶ 1-sided printing only, mirror effect on the reverse side
- ▶ Sublimation printed fabric (no design or color restrictions)
- ▶ Continued page 35

- Q Why isn't 2-sided printing available ?
- A Based on our tests, 2-sided printing requires doubling the fabric which renders the flag much heavier, causing it to not wave in the wind!
- Q Are you able to do custom sized flags?
- A Yes, but no smaller than 12"x24"

CLASSIK FLAG

Each Classik flag has 3 different finish options. It's very important to advise us of your choice when placing your order. Since there are 3 options, it would be a shame if we didn't select the correct one.

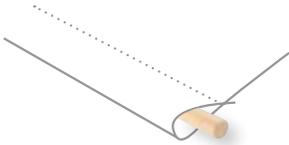

EYELETS

- ▶ How many do you require?
- ▶ Where would you like them? (top, bottom, left right, corners)
- ▶ If you need several, what is the spacing you require in between each? Only silver eyelets are available

ROPE AND TOGGLE

- ▶ There aren't any questions! Thank you :)

SLEEVE

- ▶ How large ?
- ▶ Do you prefer the sleeve at the top, the bottom, to the left or to the right?
- ▶ Open or closed at the top?
- ▶ Flagpoles are not provided

Q

Why isn't 2-sided printing available?

A

Because the reverse side is black to better reflect the LED lighting.

TABLECLOTH

PRODUCTION TIME
2
WEEKS

▶ THE CONVENTIONAL

It's the most common, most requested, most classic tablecloth.

▶ THE BOX

This tablecloth *hugs* the table. It falls straight, without creases...just like a box on your table. Add a zipper for \$40 (nix-b-z)

▶ THE STRETCH

Excellent tablecloth for outdoor use. Elastic bands are located in each corner and fit directly under the table legs to hold it in place. Take it out in the wind, we're not scared!

INFLATABLE ARCH

10' | 15' | 20' | 25' | 40'

ARCH OPTIONS

REGULAR

The regular arche comes with an integrated continuous blower which requires electricity. A silent blower is also available for this type of arch.

ONCE INSTALLED, IT RESEMBLES THIS! DO YOU HAVE TO INSTALL IT? NO! IT ARRIVES READY TO USE! YOU JUST NEED TO PLUG IT IN :)

AIRTIGHT

An airtight is similar to an inflatable mattress, but less comfortable :P. Simply open the small cap on the arch, insert the blower and inflate. Once inflated, close the small cap to maintain air. Electricity is no longer required.

How long does it remain inflated? Honestly, for several hours! However, the arch may be sensitive to temperature changes, and could require a little boost of air. If maintained in a stable climate, it can remain inflated for a long period of time.

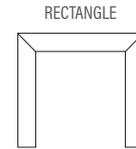

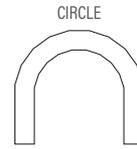

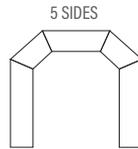

TO INFLATE THE ARCH, THE BLOWER IS INSTALLED HERE :)

INFLATABLE STRUCTURE CUSTOMIZED

PRODUCTION TIME
4
WEEKS

3. Step 3, Tah-dah!!! See the live result, LIVE!

2. Step 2, we create the 3D design!

- Q** Is the customized structure airtight?
- A** Since the airflow needs to be continuous, this is not always possible due to various shapes. Therefore, a continuous blower may be required.
